

SOURCING MANAGEMENT

Elemica SmartLink Application Suite Overview

What would it mean if you were able to achieve greater supplier value without additional disruption or costs to your business?

Excellence in spend management is vital to the overall competitiveness of an organization. By connecting your company to the largest process industry sourcing ecosystem, you gain deep category knowledge and expertise to provide reduced purchase prices, better collaboration with suppliers, and an increase in your team's constrained resource capabilities.

The best industry-specific solutions for collaborative sourcing and aggregations.

Reduce Total Cost of Ownership

Accelerate savings via staff augmentation

Realize full potential of eSourcing investments

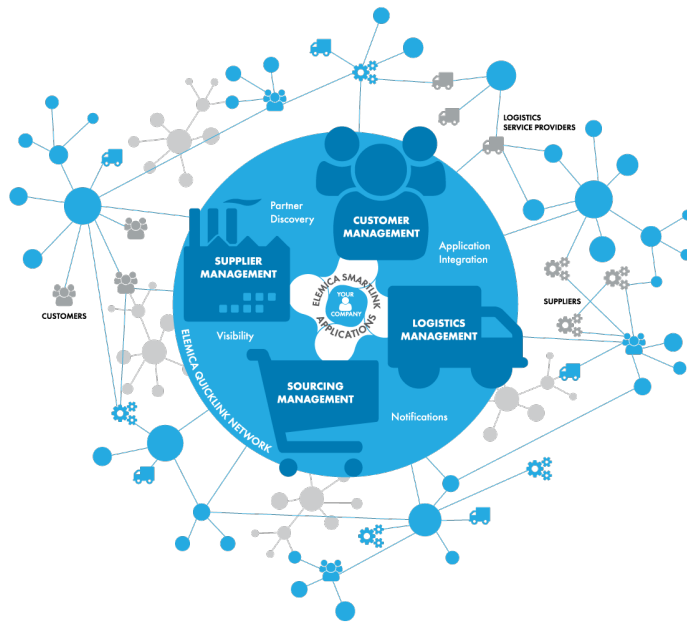

Core & non-core category expertise

Leverage aggregate buying power

Better award decisions with advanced analytics

Elemica's Sourcing Product Suite is designed to be flexible, and platform neutral. Realize the full potential of your current sourcing investment with a consultative, 'technology agnostic' approach. Our team of experts will drive measurable savings on either your technology platform or ours. Elemica's implementation is fast and easy, blending with your purchasing organization and working at your direction, so you get just the right amount of sourcing assistance to elevate your sourcing strategy to world-class status.
